Jackson Prep Elementary Expansion

The Jackson Preparatory School Board of Trustees is excited to announce the expansion of the learning opportunities at Prep to include pre-kindergarten through 5th grade. Prep is energized about creating a new and innovative approach to elementary education guided by our commitment to excellence in academics, athletics, and the arts as well as the intellectual, emotional, and spiritual growth of all our students.

Jackson Prep will add a 5th grade for the 2022-2023 school year and pre-kindergarten through 4th grade for the 2023-2024 school year. We are immediately beginning the search for our elementary division head to help lead this expansion of Jackson Prep. As part of our comprehensive master plan, the elementary program will be located on the Jackson Prep campus.

Thank you for your continued support of Jackson Prep as we grow the Prep Family and provide an outstanding and unique learning environment for students of all ages.

Additional information about our plans can be found www.jacksonprep.net.
