New Network Your Needs Breakfast Social Series allows Chamber members to connect across central Mississippi

FLOWOOD, MS — The Chamber of Flowood, Greater Jackson Chamber Partnership, and Rankin County Chamber of Commerce are partnering to create “Network Your Needs – Breakfast Social Series.”

This series of mini social events provides members from each Chamber the opportunity to network with each other at a variety of locations across central Mississippi. The series was created to help young professionals build networking skills and was designed to help develop partnerships that benefit all businesses.

Attendance is free with one Chamber business hosting breakfast or light morning refreshments. Each attendee will have the opportunity to share their business needs, such as beginner networking opportunities for young professionals, job posting announcements, referrals, new specials, services, discounts, etc. Chamber members are encouraged to bring business cards, flyers, and any other promotions to distribute.

Back Porch Realty is set to kick off the series, which begins Sept. 14 at 8:30 AM at 578 Lakeland East Drive, Suite B in Flowood. The series will continue every other month at a new location from a different Chamber member.

Mississippi Organ Recovery Agency will host the next social on Nov. 2 at 8:30 AM. Chamber business hosts already scheduled for 2024 include Performance Therapy, The Mustard Seed, and Southern Homes Real Estate.

Network Your Needs event organizers include Gabby Nuzzo with the Greater Jackson Alliance, Phe Martin with Greater Jackson Chamber Partnership, Karlea Whatley with the Rankin County Chamber of Commerce, and Riley Adcock with the Chamber of Flowood.

For more information on the Network Your Needs Breakfast Social, contact the Chamber of Flowood at office@flowoodchamber.com, the Greater Jackson Chamber Partnership at dgreen@greaterjacksonpartnership.com, or the Rankin County Chamber of Commerce at kwhatley@rankinchamber.com.
